Education and Sport through school is crucial for the well-being and empowerment of youth, contributing to their development of leadership skills. We must provide youth with equal opportunities, which starts in school and can only be achieved through proper education and includes sport.

17 GOALS TO TRANSFORM OUR WORLD
The new, 2020 season is kicking off with ISF Basketball U15 Cup in Zadar, Croatia. We are happy to see a wide interest among our members in this new, under 15-years-old format. The year of 2020 promises twelve exciting events in eleven different countries that will bring youth all over the world together through sport and education.

The registration just started for two events happening in Kyiv, Ukraine: ISF World Cool Games and ISF E-Sport Games. World Cool Games will allow to boost students’ school spirit and confidence through gender-mixed fun games and relays. With E-sport becoming a world’s trend, E-sport games aim at creating a global community and develop social skills of young e-sport athletes who will experience physical activities in addition to their gaming competition.

We encourage you to explore the events, recently introduced to ISF calendar and practice the strength of body and mind at ISF Sambo Cup in Armenia and enjoy the sun and the sea, play handball, football and do wrestling at ISF Beach Games on the beautiful beaches of Odesa region.

Other highlights of the 2020 season include ISF WSC Volleyball and ISF WSC Handball that will take place in the countries where these sports are traditionally strong: in Brazil and in Serbia in May and June this year.

Register for the events now through ERAS ISF online registration system. https://isf-eras.org/

We are looking forward to seeing you and your athletes in 2020!
