Bulletin 1

Welcome Words

Mr. Laurent Petrynka

President of the International School Sport Federation

Dear Members,
Dear School Sport colleagues,

It is with real joy, that we bring to you the 1st ever ISF Winter Gymnasiade, hosted by the city of Erzurum, Türkiye. Having included winter sports in our programme since near on the foundation of our federation, we have long aimed to continue the development of winter sports within the ISF. This path we have followed saw us back in 2018 bring to you the Winter Games in Grenoble, giving us a taste of the multi-sport format for winter sports.

This was but a start of what we had envisaged for this format, and with the support and organisation of our friends from the Turkish School Sport Federation who have been with us since the very start, we were certain we had the right platform to continue this development.

We are excited to be able to invite youth from all over the globe to Erzurum for this next exciting step in the ISF and in the world of school sport.

Kind regards,

Laurent Petrynka

Mr. Assoc. Prof.Ömür Fatih Karakullukçu

President of the Türkiye School Sport Federation

Dear ISF Family,
Dear Athletes,

We are very happy and proud to be your host for the 1st ISF Gymnasiade School Winter Games, which will be held in Erzurum, Türkiye's ski center, between 11-19 February 2023.

As one of the oldest ISF members, Türkiye has long displayed its commitment to school sport, participating in ISF events regularly each year. Now we are excited to be the home to its first-ever Winter Gymnasiade. Erzurum is an excellent ski resort and has hosted many international competitions in winter sports in the past.

The two most recent being very successful competitions and with large attendance. Those who participated in the World University Winter Games 2011 (Universiade) and European Youth Olympic Festival 2017 returned home with unforgettable memories from Erzurum, while the people of Erzurum showed the participants the highest level of Turkish hospitality.

Now we invite you to participate in 1st ISF Gymnasiade School Winter Games to share the same experience with us, as we bring the international school sport stage to Türkiye. I hope you will all look forward to the experiences that await you in Erzurum, as we eagerly anticipate hosting this next ISF Gymnasiade.

Kind regards,
Ömür Fatih Karakullukçu

WINTER SPORTS IN ISF

The International School Sport Federation has included Winter Sport in its programme since its foundation in 1972. ISF organised for the first time in 1973 World School Ski Championship in Schladming in Austria with students from all over the world competing both in Cross Country Skiing and Alpine Skiing.

Since the success of this first event, ISF has organised an additional 13 World School Ski Championships around the World in Andorra, Canada, Czech Republic, Estonia, Finland, France, Germany, Italy, Spain, and Sweden.

The latest World School Ski Championship was organised by ISF in 2016 in L'Aquila in Italy, gathering over 400 participants from 15 countries.

Following the success of these events, the goal of ISF was to develop the sport programme available and provide more sports to the international students.

In 2018, ISF and the French School Sport Federation, UNSS, developed a multi-sport winter event in the context of celebrating the 50th anniversary of Grenoble's 1968 Winter Olympics. This unique event was another step towards further developing the winter sport programme within ISF, on the road to the eventual creation of the ISF Winter Gymnasiade.

Over the course of 5 days, in Grenoble, 500 school student athletes came from 19 countries to participate in this multi winter sport event. School students from Argentina, Austria, Belarus, Belgium, Chile, England, Estonia, France, Germany, Hungary, Russian Federation, Scotland, Serbia, Slovakia, Slovenia, Spain, Switzerland, Turkey and Ukraine engaged in various educational and cultural activities while competing. The Winter sport programme in Grenoble consisted of 8 sports including Alpine Skiing, Biathlon, Cross Country, Curling, Figure Skating, Ski Jumping, Ski freestyle and Snowboard. The launch of this event was a strong show of will by the ISF to challenge itself by giving opportunities to youth in the field of winter sports.

Following this success, 2023 will see Türkiye organise the first ISF Winter Gymnasiade in Erzurum. The Gymnasiade is the largest ISF event, gathering school students from all around the world, to experience sport competition, cultural exchange, and educational engagement. It is a unique opportunity for youth to compete in a multi-sport environment with an international dimension, meeting their peers from around the world.

• Why Erzurum?

ERZURUM the capital of Winter Sports

Erzurum, 1240 km (771 miles) east of Istanbul and 873 km (542 miles) east of Ankara, is the “capital” of Eastern Türkiye, a transportation center, and a good base for explorations of Türkiye’s scenically spectacular east.

Erzurum was an important Selçuk Turkish city in the 1100s and 1200s, and has important Selçuk buildings such as the Çifte Minareli Medrese, the Yakutiye Medrese, a very old citadel, and various distinctive Selçuk Turkish tombs.

The museum and bazaar are also interesting to visit and local festivities are a must to experience. The museum and bazaar are also interesting to visit and local festivities are a must to experience. Use Erzurum as a base for visits to the beautiful Tortum Valley and Georgian churches in the Kaçkar Mountains to the northeast, and to Doğubayazıt to gaze on Mount Ağrı. The food is exceptional and all the local restaurants are tourist friendly. The Doğu Ekspresi (Eastern Express) train runs daily to and from Ankara, Kayseri (Cappadocia), Sivas, Divriği and Erzincan.

The train hauls sleeping cars, but is much slower than the bus, much much slower than a flight, and not as comfortable as sleeping car trains in western Türkiye.
