

2nd ISF U15 GYMNASIADE 2023

WORLD SCHOOL SPORT GAMES

RIO DE JANEIRO, BRAZIL
19-27 August 2023

BULLETIN 1

March 2023

INTRODUCTION

The ISF U15 GYMNASIADE (World School Sports Games) was organised for the first time in ISF history in 2021 in Belgrade (Serbia). It brought together 1.849 school athletes from 36 countries aged 13 to 15 in a multi-sport event (14 different sports), creating a unique context for high-level sports competitions, educational programmes, and cultural exchanges. The educational programme and the sports format of the event shall always be adapted to the age of the participants. This second edition of the U15 Gymnasiade, will see the world of school sport travel to Rio de Janeiro, where school sport athletes will be competing in 22 sports, including 3 para sports, from the 19th - 27th August 2023.

Sports competition: The best student-athletes in the world will participate in the ISF U15 Gymnasiade as an individual and as part of teams. In addition to the name of the respective member, individuals and individuals as part of the teams will represent their school. This format is meant to create a strong identification between the students and the school they attend.

The Educational programme: Programmes to develop leadership skills (healthy lifestyle, Olympic values, SDG UN 2020..), to raise awareness on the main policies and challenges in sport (Gender equality, Fair-Play, ...). Seminars and workshops are organised with the ISF sport and institutional partners.

Cultural exchanges: A cultural programme will be organised each day for the participants during which they will have the opportunity to visit and experience the culture and heritage of Rio de Janeiro and Brazil. The participating countries will have the opportunity to present their culture and traditional values through different types of cultural/entertainment activities and create cross-cultural exchanges by discovering the culture of the other participants and the host country.

Welcome Address of Mr. Laurent Petrynka

President of International School Sport Federation

Dear Participants,
Dear School Friends,

I am delighted to be welcoming you to the second edition of the ISF U15 Gymnasiade – World School Sport Games, taking place in Rio de Janeiro, Brazil.

As one of the most recent creations in the ISF calendar, the ISF U15 Gymnasiade is an important step for the ISF in addressing younger student athletes, providing increased opportunities for youth from an earlier age. The ISF believes that providing such opportunities from as early an age as possible is crucial in establishing a healthy lifestyle, acquiring, and developing leadership skills, discovering competences whilst also gaining a better understanding of the world. Hence why we decided to initiate this event format.

This second edition will be the next steppingstone in the journey of this event, taking the world of school sport to one of the most internationally recognised sporting nations, in Brazil. Having hosted major international sport events, we are all aware of what to expect from our time in Rio de Janeiro in August 2023; a combination of sporting excellence, and educational growth, alongside an explosion of culture and celebration in a vibrant nation enriched with a strong history of sporting achievement.

As is the case with all ISF events, the U15 Gymnasiade in Rio de Janeiro would not be possible without the dedication and excellence of ISF member Confederação Brasileira do Desporto Escolar (CBDE), who has always displayed a tremendous level of commitment to school sport at the international level, each time participating with one of the largest delegations at ISF events. Combined with the full support of the Brazilian government this event will demonstrate to the world a level of professionalism worthy of the international stage.

We look forward to you joining us for this next step in the journey U15 Gymnasiade, when we welcome you to Rio de Janeiro in 2023!

Welcome Address of Mr. Antonio Hora CBDE President

Dear students, Dear participants of ISF Gymnasiade U-15, It is with pleasure that we welcome all of you in Rio de Janeiro – Brazil, to participate in the 2nd edition of ISF Gymnasiade U-15. We hope that you, your friends and family visit our country in August 2023. We prepared facilities and sports equipment of the highest standard to provide the best conditions to all students; our team of employees has been trained to serve and assist in all needs that arise; accommodation and food will be in a high standard quality. We, also, prepare a cultural and tourist program that will be eternally in the memories of all participants of this fabulous event. We also take the opportunity to thank, once again, the ISF for giving us the honor of holding another international school sporting event. See you in Rio 2023!!!

Antonio Hora – CBDE President

Welcome Address of Mr. Marcelo Magalhães National Special Secretary of Sports

One year from now, Brazil will host the second edition of the U-15 Gymnasiade (World School Games). The Barra Olympic Park, in Rio de Janeiro, will welcome young athletes from all over the world with open arms, as is the tradition of our people in all the mega-events that our country has held in the last few years. This will be a unique opportunity for young people from all over the world to compete in arenas that have hosted the Rio 2016 Olympic Games.

The choice of Brazil was announced at the opening ceremony of the first edition of the Gymnasiade U-15 in Belgrade, capital of Serbia, in 2021. We presented our candidacy; it was approved by the International School Sports Federation (ISF) and we were very happy with the success of our mission. Since 2007, when Rio hosted the Pan American Games, Brazil has become one of the biggest hosts of great events in the world. We hosted the Military World Games (2011), the Confederations Cup (2013), the Gymnasiade (2013), the World Cup (2014), the World Indigenous Peoples Games (2015) and the Rio 2016 Olympic and Paralympic Games. We have experience and ability to organize large-scale events. In 2022, we will have the South American School Games in Brazil and, in August 2023, the U-15 Gymnasiade (World School Games). Two competitions that reflect our idea of contributing to the integral formation of our children and young people. School sports are a fundamental tool in this process.

Therefore, our investment priority is in the sports base, inverting the pyramid of investment. The rescue of the Brazilian School Games (JEB's), after a hiatus of 17 years without the event, is proof of that. The federal, state and municipal governments in partnership with CBDE are prepared to make a great event and provide all students with amazing experience!

A handwritten signature in black ink, reading "Marcelo Magalhães".

National Special Secretary of Sports*

RIO DE JANEIRO/BRAZIL

Christ

From the top of Corcovado Mountain, in the midst of a stunning urban forest, the imposing image of the Christ the Redeemer reigns supreme. It is no coincidence that the Christ, the greatest art-deco work on the planet, is among the Seven Wonders of the Modern World. An icon of the city, it is he who, with open arms, welcomes visitors who arrive in Rio de Janeiro. There are two ways to reach the 38-meter statue that sits atop a 710-meter hill: a pleasant train ride that crosses the Atlantic Forest, departing from the neighborhood of Cosme Velho, or the accredited vans that take the Estrada das Paineiras to get there. Regardless of the way you choose to get there, the view is stunning

Sugarloaf

The cable car route that connects the Urca and Sugarloaf Mountains is one of the must-see sites in the city. A stunning landscape, including the Botafogo Cove, the Copacabana Promenade and the entrance to the Guanabara Bay, is revealed during the route. 395 meters above sea level, the Sugarloaf Mountain reveals other corners of the city, such as Pedra da Gâvea, the City Center, Copacabana beach and the Christ the Redeemer. To enjoy the tour even more, you'll find dining and entertainment options, a panoramic helicopter ride, and a large amphitheater often used for concerts and events at Urca Hill, combining fun with the city's beautiful view.

RIO DE JANEIRO/BRAZIL

Santa Teresa and Lapa

Two adjacent neighborhoods that preserve history in their own way. While Santa Teresa has a bucolic atmosphere, with a tram ride, its beautiful historic houses and effervescent cultural life, thanks to the numerous workshops that bring life to century-old buildings, Lapa is pure excitement. A day trip through the city's most bohemian neighborhood, crossed by the imposing Lapa Arches, is very different from the bustling nightlife that reveals itself in the hundreds of bars, restaurants, and concert halls.

In Santa Teresa, be sure to check out the Ruins Park, which was the home of the great patron of Rio's Belle Epoque, Laurinda Santos Lobo and has one of the most beautiful views in the neighborhood. Next to it is the Chácara do Céu Museum, inherited by Castro Maya in 1936, which exhibits art collections of different styles and from different origins, furniture, and decorative arts, distributed across a beautiful 3-story house.

Maracanã

Maracana was the stage of the most important Brazilian derbies and witnessed historical moments of international soccer. Stage of the grand finals of the 1950 and 2014 World Cups, the stadium is open for visitation daily. The Soccer Museum has relics that will drive soccer lovers crazy. The museum, located on the ground floor of the stadium, has a collection of shirts, soccer boots and a Walk of Fame. Many surprises await you there!

ACCOMMODATION

All participants will be accommodated in several hotels in area called Barra da Tijuca

Barra da Tijuca and surroundings

Located in the West Zone, this region has important international hotel chains, modern shopping malls and commercial centers, movie theaters, in addition to great restaurants, among other attractions. Culture is also one of the attractions of this neighborhood, which homes Rio's largest cultural venue: Cidade das Artes. just around the corner you'll find the Museum of the Brazilian National Soccer Team, an interactive space that recollects the trajectory of our National Team through innovative technologies and historical items, as jerseys and original trophies. And we cannot forget to mention Barra da Tijuca, Rio's longest beach.

ACCOMMODATION

SPORT VENUES

The Barra Olympic Park (Brazilian Portuguese: Parque Olímpico da Barra), originally the City of Sports Complex, is a cluster of nine sporting venues in Barra da Tijuca, in the west zone of Rio de Janeiro, Brazil. The park, which served as the Olympic Park for the 2016 Summer Olympics and the 2016 Summer Paralympics, was originally built for the 2007 Pan American Games, consisting of three venues. The complex was later expanded to nine venues for the Olympics, two of which are temporary structures. The complex will later become the site of the Olympic Training Center after the games conclude.

TRANSPORTATION

The city has a modern international airport with a vast air network, connecting Rio to Brazil and the world. Located at Ilha do Governador, the Tom Jobim International Airport - Riogaleão is about 20 minutes away from the City Center and the South Zone, where most tourist attractions are located, and has fast connection with the region of Barra da Tijuca, through an expressway, the Linha Amarela (Yellow Line).

The second largest airport in the City, and the first to be built, Santos Dumont airport is located in the City Center, in a privileged location, right by the Guanabara Bay. It concentrates domestic flights. Its main activity is the Rio - Sao Paulo air shuttle service, in addition to connecting Rio to several cities in the country.

We are here to welcome you with open arms as soon as you land in the City. Schedule your trip!
