# ISF WORLD TEACHERS GAMES - OCTOBER 2024

## PROGRAMME

### 1/ Outdoor Team Sport Activities between PE Teachers

*Leading by example: 'The teachers inspiring the pupils to practice sport'.*

1500 international teachers' participants from over 40 countries will participate in several team outdoor sports activities to celebrate the importance of youth health and wellbeing through physical education & sports at school. This activity will also allow teachers from different countries to build relationships together and exchange information about their culture. The sport team should be mixed and would allow people with disabilities to participate. Provisional Team sports proposal:

### 2/ Plenary presentations and Workshops sessions

*PE Teachers sharing teaching challenges and innovation about engagement in Physical Education*

Expert facilitators will conduct workshops for 1500 international participants who will share their innovative PE Teaching tools and methodology to better engage young people in physical education and sports. These activities will be balanced between plenary presentation and working groups sessions between the teachers.

### 3/ International conference

*Advocating and making recommendations about PE engagement through schools and sport through schools*

During the event, an international conference on the topics of Engaging Physical Education and physical activity of the youth through school will allow to invite different Local, Regional, European, and international institution and organisation to share their vision and plans. It will also be an important moment to highlight the host territory stakeholders' vision in this area. During this conference the results and outcomes of the workshops between the teachers will be shared and promoted.

### 4/ Intercultural activities

This event will also be the occasion to organise during the week several intercultural activities which would allow all the participants to discover the host city and region cultural, touristic, and gastronomic offers. For that the ISF and the host will work together to define an attractive programme which would allow the organiser to highlight the specificities of the host territory in this area. The Intercultural activities might take place in the evening in general or during one afternoon during the event week.

# ISF ACADEMY

Created in December 2022, the ISF Academy is the educational center of the International School Sport Federation delivering online and onsite capacity-building activities for teachers, school sports representatives, coaches, officials, and students around the world. It aims to recognize and or to upgrade the knowledge and skills of any of these stakeholders involved or planning to be involved in national, continental, or international sports, educational networks, institutions, events, or organization.

The mission of this body is to design and deliver short-, mid-, and long-term quality education and capacity-building activities for

physical education teachers, national school sport representatives, coaches, officials, and students around the world. These educational programmes will be held online on the ISF Academy platform prior to the events and particularly during the organization of ISF events on-site, after the competition hours. Therefore, before and during this international ISF event, heads of delegation, coaches, referees, international school athletes, and local school students will have the opportunity to take part in various interactive educational activities on different topics.
