# CULTURAL ACTIVITIES

## CULTURAL VISIT

- The Cultural day will be done in the middle of competition **on October 13th from 09:00-12:00**
- There will be schedule visit of all participants **to beautiful Belgrade Fortress**. The visit will be followed by tourist guides for one and a half hour.
- Transport and groups will be published in lobby of hotels one day before.

# CULTURAL ACTIVITIES

## Nations Night

The Nations' Night promotes cultural exchanges between participating countries by offering each delegation the opportunity to have a stand where it can present itself in a spirit of fairness. Delegations are free to bring whatever material they need to showcase their culture on their stand.

The Nations Night is scheduled for **October 13th, 2023**, in the **Ranko Žeravica hall from 18:00-20:00**. Participation on this event is mandatory for all countries and regions and delegation will have option to perform on the stage with a dance/song typical of their country.

# GALA DINNER

▶▶▶▶▶ **DATE: OCTOBER 10 AT 20:00**

Transport plan for Gala Dinner will be published day before in the lobby of the hotels.

This elegant event will take place in the beautiful restaurant at five star hotel Metropal at the rooftop with 360 views and Belgrade on your palm.

The evening will be a wonderful opportunity to network, share stories, and celebrate the spirit of competition and friendship that has brought us all together.

# ISF ACADEMY

## ACTIVITIES

Created in December 2022, the ISF Academy is the new educational center of the International School Sport Federation delivering online and onsite capacity-building activities for teachers, school sports representatives, coaches, officials, and students around the world. It aims to recognize and or to upgrade the knowledge and skills of any of these stakeholders involved or planning to be involved in national, continental, or international sports, educational networks, institutions, events, or organisation.

The mission of this body is to design and deliver short-, mid-, and long-term quality education and capacity-building activities for physical education teachers, national school sport representatives, coaches, officials, and students around the world. These educational programmes will be held online on the ISF Academy platform prior to the events and particularly during the organisation of ISF events on-site, after the competition hours.

Therefore, before and during this international ISF event, heads of delegation, coaches, referees, international school athletes, and local school students will have the opportunity to take part in various interactive educational activities on different topics

# ISF ACADEMY

## EDUCATIONAL ACTIVITIES

You will find below a non-exhaustive list of themes that will be proposed to young athletes during this event:

- Safeguarding children in sport (10th-12th)
- Anti-Doping prevention in Sport (10th-12th)
- Teambuilding workshops (10th-12th)

**Please note that [these activities are compulsory](#) to attend during event particularly for the school athletes. The educational activities will take place on the 10th-11th-12th of October.**

## EDUCATIONAL ACTIVITIES

### SAFEGUARDING CHILDREN IN SPORT

We believe that children have the inner resources if educated, to fully understand, identify and react in front of negative behavior such as racism, gender inequity or violence and abuse. The challenge for ISF is to find the right way to express difficult ideas and present complicated topics to young people in order for them, not only to understand but also to appropriately apprehend this issue and be able to react if facing it.

Creating awareness and giving the opportunity for the participants to be able to transfer their knowledge when getting back home to their peers is also key to ISF.

Using storytelling, technical basic information, and fostering discussion, the Safeguarding workshop aims to give a clear understanding of the issues surrounding safeguarding in sport. It also aims to give youngsters the knowledge to identify and name abusive behaviours and understand how to react in such cases.

And finally, this class aims to give young people the tools to understand that it's not their fault, that they can ask for help, and where to find help.

*Sophie Bordet, Safe Sport Officer (IOC Certified in Safeguarding) &  
Kieran Doherty, Safe Sport Associate (Alter Ego)*

## EDUCATIONAL ACTIVITIES

### ANTI-DOPING EDUCATION

Anti-doping education is of the utmost importance for young people due to several compelling reasons and we believe that young people have the inner resources to fully understand, identify and react in front of negative behaviour such as doping.

The challenge for ISF is to find the **right way to express difficult ideas and present complicated topics to young people** in order for them, **not only to understand but also to appropriately apprehend this issue and be able to react if facing it**. Creating awareness and giving the opportunity for the participants to be able to transfer their knowledge when getting back home to their peers is also key to ISF.

Anti-doping education goes beyond the realm of sports. It serves as a platform to impart valuable life lessons and cultivate ethical values in young individuals. By emphasizing the importance of honesty, integrity, and personal responsibility, anti-doping education contributes to the moral development of young athletes. It encourages them to make informed choices, stand up against cheating, and develop a strong sense of integrity that extends beyond the realm of sports and into other aspects of their lives. anti-doping education plays a crucial role in shaping the attitudes and behaviors of young people involved in sports. Educating them about the risks, consequences, and ethical implications of doping, promotes health, fair play, and integrity while providing them with the necessary tools to make informed decisions that align with their long-term well-being and athletic aspirations.

The law and the rules are important, but it is not just rules that safeguard our sport for clean athletes, but also the measures and processes that help put those rules into action. We must all play our part in promoting fair play and that means gaining an appreciation of what leads to certain decisions being made.

*Ms. Renata Kopczyk -Adv. Dr – Attorney, Scholar, Juris Doctor, Member of the disciplinary committee of the Polish Anti-doping Agency*

## GOOD TO KNOW

### SERBIA TRAVEL ADAPTORS

You will need to consider what to pack, to ensure you can use your personal electrical appliances safely whilst abroad. This normally includes the use of a travel adaptor, which is a device that simply allows you to plug any electrical appliance into a foreign electrical socket. It is important to note that it does not convert the voltage or frequency.

For Serbia there are two associated plug types, types C and F. Plug type C is the plug which has two round pins and plug type F is the plug which has two round pins with two earth clips on the side. Serbia operates on a 230V supply voltage and 50Hz.

### SERBIAN DINAR

The Serbian dinar is the official monetary currency of Serbia. It is issued by the national bank of Serbia.
