MOROCCO TRAVEL ADAPTOR AND POWER PLUG

You will need to consider what to pack, to ensure you can use your personal electrical appliances safely whilst abroad. This normally includes the use of a travel adaptor, which is a device that simply allows you to plug any electrical appliance into a foreign electrical socket. It is important to note that it does not convert the voltage or frequency.

Type C: Type C plugs have two round prongs on either side of the plug, commonly known as Euro plugs and mostly used in Europe, South America, and Africa. Type C outlets can be fit with either Type E plugs

Type E: Type E plugs are a little thicker than Type C plugs. Type E plugs have two round prongs on either side of the plug and a hole designed to accommodate the grounding pin in wall sockets, commonly known as French plugs. Mostly used in Europe and Africa. Type E outlets can be fit with either Type C plugs.

Morocco operates on a 220V supply voltage and 50Hz.
