## ABOUT ISF WSC

## **ISF ACADEMY**

### **SAFEGUARDING CHILDREN IN SPORT & ANTIDOPING WORKSHOPS**

As well as various webinars taking place several days before the event to support the Head of Delegation and Coaches in preparing their mission within an ISF event (these online educational & capacity building activities are compulsory to attend for all the following adults' stakeholders taking part in ISF events), the ISF's promotion of school sport by the ISF Academy through its international events also involves the transmission of knowledge through workshops on three themes that are dear to us all: **Safeguarding Children in Sport** and **Doping Prevention in Sport** and **Injury prevention**.

ISF firmly believes that children have and must have the necessary inner resources, through these workshops, to understand, identify and react to negative behaviour such as racism, gender inequality or violence and abuse. The challenge for ISF is to find the right way to express difficult ideas and present complicated topics to young people so that they understand, but also so that they correctly apprehend this problem and are able to react to it.

Raising awareness and enabling participants to transfer their knowledge to their peers back home are also key elements of ISF. During this event, athletes from all over the world will attend several workshops sessions given by experts in the field, passing on their knowledge and experience through dedicated, constructive and interactive pedagogy.
