ISF FOOTBALL WORLD CUP 2026

ABOUT ISF FOOTBALL

ISF football competitions originate from ISF World School Championships (WSC) which have been organised 27 times in 51 years starting back in 1972 with the last edition in 2023. In 2022, at the occasion of 50th anniversary of ISF WSC Football, in order to reform ISF football events and to develop another flagship event of the ISF, **ISF Football World Cup (FWC)** was launched, with P.R. China obtaining the hosting rights of the first three consecutive **ISF Football World Cups in 2024, 2026 and 2028**.

Inheriting the origins of the ISF WSC Football, ISF FWC is an event characterised by a balanced program between sport and educational content: the balance between sport and education is to create awareness about the role of sports in putting forward topics such as fair play, healthy lifestyle, respect, and inclusion. The educational program and sport format of the event is always adapted to the age of participants.

ISF FWC is open to the participation of all students attending a school that provides general education and/or vocational education incorporating segments of general education. **Each delegation may enter the competition with more than one team per category.**

SAFEGUARDING CHILDREN IN SPORT & ANTIDOPING WORKSHOPS & INJURY PREVENTION TO ATHLETIC PERFORMANCE

As well as various webinars taking place several days before the event to support the Head of Delegation and Coaches in preparing their mission within an ISF event (these online educational & capacity building activities are compulsory to attend for all the following adults' stakeholders taking part in ISF events), the ISF's promotion of school sport by the ISF Academy through its international events also involves the transmission of knowledge through workshops on two themes that are dear to us all: **Safeguarding Children in Sport & Doping Prevention in Sport and Injury prevention.**

ISF firmly believes that children have and must have the necessary inner resources, through these workshops, to understand, identify and react to negative behaviour such as racism, gender inequality or violence and abuse. The challenge for ISF is to find the right way to express difficult ideas and present complicated topics to young people so that they understand, but also so that they correctly apprehend this problem and are able to react to it.

Raising awareness and enabling participants to transfer their knowledge to their peers back home are also key elements of ISF. During this event, athletes from all over the world will attend several workshops sessions given by experts in the field, passing on their knowledge and experience through dedicated, constructive and interactive pedagogy.
