SAFEGUARDING INFORMATION

Safe Sport

The International School Sport Federation (ISF) reaffirms its commitment to the protection, well-being, and positive development of young athletes and all participants involved in this event. Ensuring a safe, respectful, and inclusive environment is a fundamental priority, guaranteeing that every athlete has the right to practice sport with dignity, support, and protection. This commitment reflects our shared responsibility to uphold safety as a core value in school sport.

This event has implemented a **Safe Sport Program** that includes formal protection policies, prevention and response procedures, educational activities, and awareness campaigns. In addition, **Safeguarding Officers** have been appointed and trained to support participants, receive and manage concerns, and respond to any reports with seriousness and confidentiality.

These Officers will be available throughout the event to assist athletes, coaches, team officials, and delegation members. Any concern or report regarding inappropriate conduct will be handled respectfully, responsibly, and in accordance with international and local safeguarding standards.

Throughout the competition, educational workshops will be delivered to athletes, reinforcing essential values such as respect, empathy, care, and safe conduct in sport. We invite all delegations to participate and contribute to a positive and welcoming event environment.

For guidance or to report a concern, the official channels are available:

Protecting children and young people in sport is a collective commitment. We count on each of you to help ensure a safe and inspiring experience for all participants.

Safeguarding in sport is everyone's responsibility.

The ISF Academy is the educational center of the International School Sport Federation delivering online and onsite capacity-building activities for teachers, school sports representatives, coaches, officials, and students around the world. It aims to recognize and or to upgrade the knowledge and skills of any of these stakeholders involved or planning to be involved in national, continental, or international sports, educational networks, institutions, events, or organisation.

The mission of this body is to design and deliver short-, mid-, and long-term quality education and capacity-building activities for students, physical education teachers, national school sport representatives, coaches and officials around the world. These educational programmes will be held online on the ISF Academy platform prior to the events and particularly during the organisation of ISF events on-site, after the competition hours.

Therefore, before and during this international ISF event, heads of delegation, coaches, referees, international school athletes, and local school students will have the opportunity to take part in various interactive educational activities on different topics.

ISF ACADEMY

EDUCATIONAL ACTIVITIES

You will find below a list of themes that will be proposed to young athletes during this event:

- Safeguarding Children in Sport
- Anti-Doping prevention in Sport

Please note that these **activities are compulsory to attend** during event particularly for the school athletes. The educational activities will take place on the 6 - 11th of December(Except 9th).

SAFEGUARDING IN SPORT: OUR RESPONSIBILITY, WHAT'S MY ROLE?

We believe that children have the inner resources if educated, to fully understand, identify and react in front of negative behavior such as racism, gender inequity or violence and abuse. The challenge for ISF is to find the right way to express difficult ideas and present complicated topics to young people in order for them, not only to understand but also to appropriately apprehend this issue and be able to react if facing it.

Creating awareness and giving the opportunity for the participants to be able to transfer their knowledge when getting back home to their peers is also key to ISF.

The Safeguarding Workshop is designed with young athletes at its core, recognising their central role in the school sport ecosystem. ISF is dedicated to ensuring that all children experience sport participation free from any negative behaviours that could impact their well-being. This session of 30 minutes employs interactive and pedagogical methods to provide participants with a clear understanding of safeguarding issues in sport. It aims to teach youth athletes how to recognise interpersonal violence and react appropriately if it occurs to themselves or their peers. This workshop emphasizes creating a culture of respect and integrity for everyone involved in sport as a shared responsibility we all carry so that sport can be a positive experience for all.

HERA LIEW
*CHIEF STRATEGY AND ENGAGEMENT OFFICER,
ASIA SAFEGUARDING IN SPORT NETWORK
(IOC CERTIFICATE: SAFEGUARDING OFFICER IN SPORTS)*

ANTI-DOPING EDUCATION

Anti-doping education is of the utmost importance for young people due to several compelling reasons and we believe that young people have the inner resources to fully understand, identify and react in front of negative behaviour such as doping.

The challenge for ISF is to find the **right way to express difficult ideas and present complicated topics to young people** in order for them, **not only to understand but also to appropriately apprehend this issue and be able to react if facing it**. Creating awareness and giving the opportunity for the participants to be able to transfer their knowledge when getting back home to their peers is also key to ISF.

Anti-doping education goes beyond the realm of sports. It serves as a platform to impart valuable life lessons and cultivate ethical values in young individuals. By emphasizing the importance of honesty, integrity, and personal responsibility, anti-doping education contributes to the moral development of young athletes. It encourages them to make informed choices, stand up against cheating, and develop a strong sense of integrity that extends beyond the realm of sports and into other aspects of their lives. anti-doping education plays a crucial role in shaping the attitudes and behaviors of young people involved in sports. Educating them about the risks, consequences, and ethical implications of doping, promotes health, fair play, and integrity while providing them with the necessary tools to make informed decisions that align with their long-term well-being and athletic aspirations.

The law and the rules are important, but it is not just rules that safeguard our sport for clean athletes, but also the measures and processes that help put those rules into action. We must all play our part in promoting fair play and that means gaining an appreciation of what leads to certain decisions being made.

ADDITIONAL INFORMATION

WEATHER

December in Shangluo brings the refreshing crispness of early winter. You can expect generally stable weather with plenty of cool, sunny days, providing excellent conditions for outdoor activities and exploration. Average daytime temperatures typically reach a comfortable 8-12°C, though evenings and early mornings will be noticeably cooler.

While the climate is predominantly dry, the month may see occasional shifts with some overcast days or light rainfall. A warm sweater or light jacket is recommended to ensure your comfort, especially when moving between indoor and outdoor venues.

PACKING SUGGESTION: To fully enjoy your stay, we advise bringing layered clothing, including a warm coat for the cooler evenings.

DEPARTURES

INFORMATION

- The teams will depart to the airport or the departure borders by shuttle bus according to the flight/train time.
- Delegations are requested to confirm their departure information by 10 December to the LOC.
