CEREMONIES

A Different Approach to Celebrating Together

Considering the particularly busy schedule of activities and competitions, and with the aim of ensuring a more relaxed and enjoyable experience for all participants, this event will take a slightly different approach to its ceremonies.

Instead of a traditional Opening Ceremony, we have decided to dedicate our efforts to organising a grand Closing Ceremony, where all participants will have the opportunity to come together, celebrate their achievements, share unforgettable moments and enjoy a memorable celebration of the event.

The Closing Ceremony will take place at RioCentro on December 7th, offering a convenient and easily accessible location for all participants. Attendance is mandatory for every delegation member, as this event marks the end of the competition and provides a unique opportunity to celebrate together.

Award ceremonies will take place at the respective competition venues, according to the official schedule, which will be published in the Event Handbook closer to the event.

ISF GYMNASIADE 2026
CULTURAL DAY

The Cultural Day activities will take place on December 5, 6, and 7, offering delegations the opportunity to explore some of Rio de Janeiro's most iconic landmarks through panoramic city tours.

Participation will be available exclusively upon prior registration by delegations through a Google Forms link, which will be shared closer to the event. The available time slots (morning or afternoon) will be confirmed at a later stage.

Delegations will be able to choose between two possible routes:

- Route 1: Museum of Tomorrow (Museu do Amanhã) + Panoramic Beach Tour.
- Route 2: Maracanã Stadium + Panoramic Beach Tour.

Further details regarding registration procedures, schedules, available time slots, and tour availability will be published in the official Event Handbook, to be released closer to the event.

Brazil supports eSIM technology, which allows travelers to connect to mobile networks without needing a physical SIM card. With an eSIM, you can access data, make calls, and send messages directly from your smartphone, provided your device is eSIM-compatible.

Using an eSIM is convenient for tourists because it avoids the need to purchase and swap physical SIM cards. Many international eSIM providers offer short-term data plans suitable for travelers, and local Brazilian carriers also provide eSIM options for longer stays.

Before your trip, make sure your phone supports eSIM, and consider purchasing a plan that matches your data needs. Once activated, eSIMs provide reliable coverage across major cities, including Rio de Janeiro, and São Paulo, making it easy to stay connected throughout your visit.

LOCAL TRANSPORTATION - UBER IN RIO DE JANEIRO

Uber is available 24/7 across the city. Use the app to request rides, choosing from options like UberX, Comfort, or UberXL, and pay via the app. Typical fares for short trips within the city start around R$40–R$50, depending on distance and traffic.

COMPETITION VENUES

The ISF Gymnasiade 2026 will take place in modern, safe and strategically selected sports venues designed to ensure operational excellence, comfort and high performance for student-athletes, delegations and technical teams participating in the event. The competition planning prioritizes logistical integration among sports, aiming to concentrate as many disciplines as possible within connected sports complexes, enhancing participant experience, mobility and international interaction between delegations.

In this edition, the event will feature an important sports facility operated by the Brazilian Armed Forces, nationally recognized for their technical quality, organization, and high-standard sports infrastructure, such as the athletics track at the Air Force University (UNIFA) facilities, used as training grounds for Olympic and Paralympic athletes during the Rio 2016 Games. This venue offers modern, functional, and fully equipped environments, prepared to host international sporting competitions, guaranteeing safety, operational excellence, and a world-class sporting experience for all participants.

Two other Olympic venues will be used in the competition: the Barra da Tijuca Olympic Park (which hosted the largest concentration of events during the Rio 2016 Games) will host the beach volleyball competitions, while the Riocentro Convention & Event Center (venue for various sports during the Rio 2016 Olympic Games) will host the Judo, Karate, Taekwondo, Wrestling, Chess, Rowing and Virtual Cycling events at the Gymnasiade 2026, s well as the organizing committee, the event's main restaurant and fun zone, and the opening, awards and closing ceremonies.

Competition venues are subject to change and may be updated at the Handbook

ISF ACADEMY

ISF GYMNASIADE 2026
ISF ACADEMY

The ISF Academy is the educational center of the International School Sport Federation delivering online and onsite capacity-building activities for teachers, school sports representatives, coaches, officials, and students around the world. It aims to recognize and or to upgrade the knowledge and skills of any of these stakeholders involved or planning to be involved in national, continental, or international sports, educational networks, institutions, events, or organisation.

The mission of this body is to design and deliver short-, mid-, and long-term quality education and capacity-building activities for students, physical education teachers, national school sport representatives, coaches and officials around the world. These educational programmes will be held online on the ISF Academy platform prior to the events and particularly during the organisation of ISF events on-site, after the competition hours.

Therefore, before and during this international ISF event, heads of delegation, coaches, referees, international school athletes, and local school students will have the opportunity to take part in various interactive educational activities on different topics.

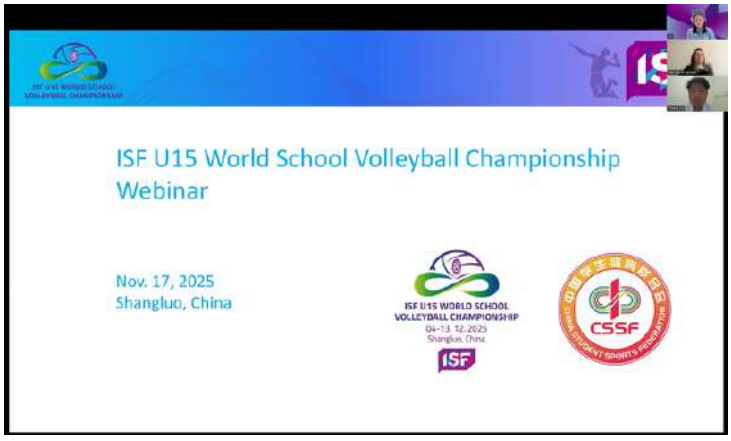

HEADS OF DELEGATION AND COACHES PROGRAMME

The ISF Academy will organise an online webinar, a few weeks before the event to support the Head of Delegation, Coaches in preparing their mission within an ISF event. These online educational & capacity building activities are mandatory to attend for all the following adults' stakeholders taking part in ISF events:

1. Heads of Delegation **- Mandatory**
2. Coaches **- Mandatory**

The programme will be composed of different modules related to the ISF, the Organising Committee, and several crucial subjects related to Safeguarding Children in Sport, Anti-Doping, and Event Ecosystem. Other topics might be added as well.

Any adults having key responsibilities towards, the ISF, the Local Organising Committee, and ultimately school students within an ISF international event shall be taking part in this crucial educational programme which will contribute to supporting these adults in their duty and mission before, during, and after the event.

IMPORTANT

The head of the delegation and the coaches will have to participate in the complete training programme to be authorized to receive accreditation for the event.

Note: The Head of Delegations and Coaches will be informed in due time of the dates of the online webinar. The detail programme of this webinar as well.

After each online workshop, participants will receive a link to complete assessments. To validate their certificate of completion, each participant must have a minimum of 50% success rate to all the assessments before receiving the certificate.

ATHLETES WORKSHOP

SAFEGUARDING CHILDREN IN SPORT & SPORT PSYCHOLOGY AND MENTAL PERFORMANCE WORKSHOPS

As well as various webinars taking place several days before the event to support Heads of Delegation and Coaches in preparing for their mission within an ISF event (these online educational and capacity-building activities are compulsory for all relevant adult stakeholders participating in ISF events), the ISF Academy promotes school sport through its international events by providing educational workshops focusing on two essential themes: **Safeguarding Children in Sport and Sport Psychology and Mental Performance.**

ISF firmly believes that young athletes should be equipped with the knowledge and skills necessary to ensure their **safety, well-being, and personal development** through sport. These workshops aim to help athletes recognise and respond to inappropriate behaviours, including **discrimination, violence, and abuse**, while also developing essential psychological skills such as managing **competition anxiety, emotional regulation, maintaining focus, building resilience, and demonstrating sportsmanship.**

Raising awareness and empowering participants to apply and share their knowledge with peers back home are also key objectives of ISF. During this event, athletes from around the world will participate in interactive workshops delivered by experienced professionals, combining practical strategies, real-life sporting situations, and engaging educational activities to support their well-being and performance both on and off the field.
