CULTURAL DAY !

Hey guys ! The sun is shining in Rouen ! Isn't it great?

HIGHLIGHTS OF THE DAY

Today, all players have been resting to recover after 3 days of competition. They've taken some time to visit the city of Rouen and to relax.

Some players have also taken a chance to meet other competitors. It's been a great moment of fun !

YOUNG ORGANISERS

INTERVIEW OF A YOUNG STUDENT IN THE SAFETY SHIP

« Make sure that the defeated may be pleased to have you as winners. »

*Ou-Tse,
Chinese author*

Can you introduce yourself?

My name is Marina Monet and I'm fifteen. I am in year 11 and my vocational school is Lycée Aristide in Evreux. I am in a safety course.

Why are you a young organizer?

Because the head of UNSS in Eure asked us if we could work in the safety shifts in the different sports halls.

What in particular do you enjoy in your mission ?
I love to be on the move !

Do you plan to continue to work in public safety after this event?

Yes, because I plan to join the Paris fire brigade. I'm following a specific physical preparation to join school.

How do you feel about participating in this Handball World Schools Championship ?

It's wonderful ! It's magic to be here !

FEMALE/MALE STEREOTYPES

Apparently girls are better dancers than boys...

Boys, do you agree with that ?

FOCUS ON...

Some words from Turkey's left-back and captain :

« It's a good championship, the level is high and Turkey is going to win ! »

Fact or fiction?!

About yesterday's fact or fiction... There are actually 70 bell towers in Rouen !

At the 1936 Berlin Olympic Games, handball was played outdoor with 11 players.

OFF ... Happiness and sunshine !
